Objective

The aim of this seminar is to bring together court coordinators in EU law and judicial trainers in order to exchange best practice. The latest developments concerning areas of EU law of particular importance for national judges will also be presented.

Who should attend?

40 places are reserved for court coordinators in European law from Bulgaria, Hungary, Italy, the Netherlands, Poland, Romania and Spain and a further five places are available for judicial trainers from any Member State.

You will learn...

- what are the best practices of other court coordinators' networks
- how to apply EU law correctly
- how to improve your preliminary reference
- how and when to apply the Charter in your national case
- how to search effectively for in-force legal acts and relevant jurisprudence
- what is the recent case law with regard to the rule of law

Conference dinner

After a day's intensive exchange, enjoy our joint dinner on 14 October at a local restaurant.

Explore Naples

Naples is famous for its rich history, vibrant culture, and being the birthplace of pizza. Visitors should explore its historic center, a UNESCO World Heritage site, where they can find landmarks like the Naples Cathedral and the bustling Spaccanapoli street. The city is also a gateway to nearby attractions such as Mount Vesuvius, Pompeii, and the stunning Amalfi Coast.

Advanced Training in European Law for Court Coordinators – 2nd edition

This project is co-funded by the Justice Programme of the European Union (2021-2027).

General information on the project

The project addresses the need for joint advanced training on EU law for court coordinators in European law (CCEs) by organising a series of legal seminars focusing on fundamental / human rights in the EU incl. the scope and application of the EU Charter and the rule of law, application of EU law and the preliminary ruling procedure. The project will provide a platform for exchange of best practices, information and knowledge and create close contacts among CCEs from Member States that have active CCE networks.
